

# NEWCOMERS EMPOWERED TO WORK IN NEW BRUNSWICK

## What is “Newcomers Empowered to Work in New Brunswick (NEW-NB)”?

This program helps Internationally Trained Workers (ITW) improve their workplace communication skills and learn more about socio-cultural communication in their occupation. The program curricula will support ITW to explore viable options for work in the field for which they are trained or have experience. This intensive program covers topics in occupation-specific language training, credential recognition, transferable skills and cultural diversity and competency. Through interactive activities, ITW will familiarize themselves with the Collection, Reflection, Organization and Selection (CROS) system to assist with the development of their professional portfolio.

NEW-NB for Accounting and Finance equips participants to apply their workplace communication training as accounting or finance personnel in a variety of business settings and industries. Participants may be working in, or want to re-enter, an occupation related to their training and experience in accounting or finance. An overview of the accounting and finance sector in New Brunswick is integrated with information specific to the local labour market.
